HPL is the Most Durable Conference Table Surface Available. It is the same material you see at Home Depot in the Kitchen Counter top Dept from Formica and others.

If you broke a piece over your knee the wood sub-straat material woud break while the HPL skin would only bend. It is non porous and more scratch, mar, or heat resistant than any other conference table surface.

Fixed Height or Adjustable Height – All with Modesty Panels. 23 Sizes, 24 Colors / Finishes, 9 Edge Colors, 7 Base Paints.
Options for casters, table top grommets as well as wire management. Pricing based on orders of six or more tables.
