

Your Reception / Waiting Room area is the first image your clients have of your business. Is it time to UPGRADE?

Our featured vendor has already announced a price increase for the New Year. Now is the time to get your order in for delivery in January at 2010 prices, and at a SPECIAL DISCOUNT of 48% off RETAIL with FREE DELIVERY.

The featured vendor whose products appear below offers a wide variety, from the FULLY UPHOLSTERED in the first few rows to wood frame collections and metal frame sets.

Designs run the gamut from traditional to contemporary, free standing or connecting, with both oak and hardwood frames, stained in 6 different finishes and hundreds of fabrics. One reason we really like this vendor is the extensive offerings in anti-bacterial, anti microbial healthcare vinyls. We have not found a broader offering in the market.

Fabric, Vinyl, and finish samples are available. If you have a large area, we can also prepare a full layout of the room for you based on your collection preference.

These and other possibilities for your reception area are also presented on site, just follow this link, and look for the collection name.

eNetFurniture is MY BUSINESS, you call, you get me, not a Customer Service Dept, I have been in this business for over 25 years, and I know I can find the right product for your needs.

Below are samples in alphabetical order of reception room seating and table possibilities you can find on the eNetFurniture.com site under the "Reception Room-Seating, Tables, Lounge" category.

Call us at 1-877-363-8387 for details or quotes.
